

'Title'	'Description'
TS189 Data	TS189 data upload to Banner/Oracle
Adm Count By College/Major	Admissions application count by college/major. This report shows comparative application data and the percentage of increase/decrease for up three terms.
Admissions Application Report	This report is used to list application data by ID or name, term, and application number.
AMCAS Data Load Audit Reports	Process to produce a variety of audit reports based upon the AMCAS Data Load
AMCAS Data Purge	AMCAS Data Purge
AMCAS Extract File	Program to produce file of data to electronically submit to AMCAS
APPLY Process JobSub	Load Application Data To Electronic Admissions Process
Admit Decision Calc Report	Admissions Decision Calculation Report. This report shows the results of automatic admissions decisions based on the user defined rules on the Admissions Decision Rules Form (SAADCSN). It can be run in audit or update mode.
Rating Audit Report	Reports Decisions Made
Adm Decision Criteria Report	Admissions Decision Criteria Report. This report produces a listing of automated decisions from form SAADCSN which are used in the automated decision process (SARBDSN). It will roll decisions from one term to another or delete the old.
Batch Email for Elec. Apps.	Batch Email for Electronic Applicants
Electronic Application Report	Reports applicants High School, College, Intended Curriculum, Addresses, Phone Numbers and email address as entered on the web.
Elec. App. Verify/Load Process	Electronic Applicant Verify/Load Process
Electronic App. Purge Process	Electronic Applicant Purge Process
Admission Rating Calculation	Determine and load applicant ratings for Administrator ID using rating formula and formula components.
Data from staging to EA tables	Data Migration from Staging tables to Electronic Admission tables
Bulletin Report	Course catalog bulletin report. Lists descriptive information for each course o n the database in ascending sequence by College,Department,Subject Area, and Cou rse. Used to verify catalog information.
Course Catalog Data Extract	Course Catalog XML Extract
Course Catalog IMS Extract	Course Catalog data extract in IMS format
Support Services Load Process	Creates detail assignments from Service Groups based on population selection.
Assign Alternate PIN	Assign Alternate PIN
Batch Waitlist Notices C3SC	Batch Waitlist Notification Process
Enrollment Verification Report	Produces enrollment verification report.
Batch Fee Assessment	This process assesses tuition and fees associated with registration for students in a term.

Fee Assessment Report	This process provide a report of various values stored for a student that have the possibility of meeting registration assessment rule criterion.
Faculty Feedback Monitor	Faculty Feedback Monitor Students
Faculty Feedback Purge Process	Purge Faculty Feedback data
Gainful Employment Submittal	Gainful Employment Submittal
Assign time ticketing group	Assign time ticketing group
Unduplicated Headcount Report	This report produces actual headcount for a term by level, college, major, campus, full/part time, session, residency, sex, ethnicity, and class. Used for Registrars office for census reporting.
Incomplete Block Registration	Incomplete Block Registration
Unsatisfied Links Report	This report produces a list of students for a term whose schedules include linked sections that are not satisfied.
Withdraw Pending Status Change	Lists students with status which is not withdrawal, but all courses dropped or not complete term.
Clearinghouse Extract Report	Produces an output file for reporting student enrollment information to the National Student Loan Clearinghouse (NSLC). Run in report mode to identify and resolve all errors before generating EDI.Smart TS 190 or complete TS 190 output.
Compliance Listener Start Up	Program to Start the Compliance Listener Programs(SFRPIPE)
Schedule Planning Report	Schedule Planning Report
Compliance Listener Start Up	Program to Start the Compliance Listener Programs(SFRADVQ)
Registration Admin Msgs C3SC	Registration Administrative Messages
Registered, Not Paid Process	This report lists all students who have registered but have not made any payments in the Student Billing Module. In update mode, this process will automatically delete the registration for those students selected.
Drop Roster Status List	The drop roster status report for reviewing the drop rosters for a section and the submission status by the primary instructor.
Student Schedule	Print a student's schedule of classes for a term.
Class Roster	This report produces an alpha listing of all students within a section. Used to enter mid-term or final grades and to monitor and identify enrollment changes.
NSLDS SSCR Process	This process reads the NSLDS Student Status Confirmation Report Roster File and Error Correction Files. Roster File processing updates data and creates the Submittal File; Error Notification processing creates the Error Correction File
Time Status Calculation Update	This process is used to calculate student enrollment time statuses in batch mode and update/insert time status history records for reporting student enrollment data. Run in audit mode to produce a listing of errors that must be resolved.
Withdrawn Student Report	Withdrawn Student Report
Cohort Load Process	Assign cohort codes to selected populations in Recruiting, Admissions, General Student or Academic History.
Student Right To Know Report	

Student Graduation Data Update	Student Graduation Data Update Process. Updates Expected Graduation Date, Graduation Term and Graduation Year.
Student Report	This report lists all persons on the database in alpha or id order who have general student records for the specified term. Lists all student attributes as recorded on the General Student Form (SGASTDN). Typically used by advisors.
Veteran Report	This report lists students identified as veterans. Displays student attributes including veteran type and number as well as certification hours and current schedule of classes.
Calculate Academic Standing	This process will calculate the Academic Standing and Dean's List Status.
Commencement Attendance Report	Report summary ceremony information and attendees.
Calculate GPA	Calculates GPA
Incomplete Grade Process	Incomplete grade process creates new grade records in academic history for incompletes.
Commencement Report	Camera-Ready commencement report lists all students seeking degrees, degrees pending, or degrees awarded in addition to departmental and institutional honors. Used by Admissions and Records offices to process degree students.
Campus GPA Conversion Process	This process will create campus GPA records (SHRGPAC, SHRGPAL). This process cannot be submitted from the job submission form (GJAPCTL).
Degree Status Update Report	Update degree status and (optionally) student status.
NSC Degree Extract Program	NSC Degree Extract Program with Error Reporting
Ethos GPA Calculations	Ethos GPA Calculations
EDI Capable Institution Report	Update STVSBGI records with EDI Capable Institution Flag.
EDI Transcript Upload Parser	Upload of EDI Transcript
Reconcile EDI Flat File	Reconciliation of EDI flat file from P.C. to BANNER host computer.
Elec. Data Interchange Extract	Electronic Data Interchange Extract for EDI Transcripts - N
eTranscript PDF converter	Converts paper transcript (SHRTRTC) files into a .pdf file
eTranscripts Reprocess Orders	eTranscripts Reprocess Orders. Get all the orders that are stuck in various statuses, reprocess those orders automatically and re-queue them.
eTranscript Export Process	Create eTranscripts in XML/PDF formats
EDI Upload Purge Process	Purge electronic transcript data received via EDI after transcripts have been processed.
GPA recalculation	Used to recalculate all terms and all levels for a student(s).
Grade Mailer	Produces a grade report for students who have had grades rolled to academic history. Produces original, revised, duplicate, mid-term grades for all or selected students within specific term. Run SHRROLL before SHRGRDE or roll from SFACLAS
Ipedes Total Activity Report	IPEDs Report on an institutions total student activity as required by the Department of Education.
Ipedes Summary by Age Report	Ipedes Part B - Enrollment summary of students by age report
Ipedes Completion Report	Parts A, B, C, and D comprising IPEDS Completion Report

Ipeds Race/Ethnic Status Rept	IPEDs Part A - Enrollment summary by racial/ethnic status.
Graduation Rate Survey	Graduation Rate Survey Report
Outcome Measures	Outcome Measures Report
Ipeds File Generation Process	This rpt must be run prior to execution of: SHRIETH, SHRIAGE, and SHRIQUS.
Ipeds First Time Residency	IPEDs Report on first time students state of residency
PESC/XML Export Process	Create electronic transcripts in PESC/XML format
PESC/XML Import Process	Import data from electronic transcripts in PESC/XML format
eTranscript Cloud POST Process	Posts Order Status as PESC XML via Web Service to Cloud
Progress Evaluation Process	Progress Evaluation Calculation Process
eTranscript Listener Start Up	Program to Start the eTranscript Listener Program(SHRADVQ)
Grade Roll To Academic History	Grade Roll Process. Creates Academic History records for final grades.
Roll Learner to Outcome	Roll the learner curriculum to the outcome, history module.
Repeat/Equivalent Course Check	This report is run to flag courses that are repeated based on rules created on the Repeat Rules Form (SHARPTR). Update Repeat Course Indicator on SHAINST before running SHRRPTS.
Academic Status Audit Process	Job populates existing SHRTTRM and SGBSTDN for academic standing, progress evaluation and combined academic standing values to SHRACTA and SGRACOA.
Transfer Equivalency Worksheet	This report produces a work-in-progress for student(s) by college(s) for transfer equivalency
Transfer Catalog Data Import	Course Catalog XML Import
Transfer Equivalency Catalog	Transfer Equivalency Catalog Report
Transcript Population Creation	
Academic Transcript	
Student Type Update	Student Type Update to be run after completion of Grade Roll Process.
Instructor Schedules C3SC	Print instructional and non-instructional assignments for instructors.
Faculty Load Contract Analysis	
Faculty Load Term Rpt C3SC	
ACS Housing Interface	
Dormitory Address Creation	Adds an address for each unique (by date) room assignment
Batch Room/Meal/Phone Assess	This report assesses room/meal/phone charges for all people for a term or those who were not assessed on-line. All charges are immediately posted to students account.
Active Housing Assignments	This report produces a listing of active student assignments, including address, for the location management module
Assignment Roll Process	This process will roll room/phone/meal assignments from one term to another
Batch Scheduler Report	This report produces a listing of all students run through the batch scheduler process (SLRSCHD.PCO). The actual room assignment can be created with this process.

Housing Batch Schedule	Location Management Batch Scheduling, 10000 students / 5000 rooms limitation
Batch Compliance Process	Process to produce compliance evaluations/hardcopy output in batch.
Program Compliance Report	Compliance Report
Export File to OraDir	Export File to Oracle directory.
Compliance Rule Report	Program to list Compliance rules
Administrator Assignments	This process will report and update the administrator assignments in the batch mode. The process will have the option to update or to just report.
Communication Plan Processing	Communication Plan Collector File Processing
Student Email	Batch Email using Pop Sel or for Single ID
HEA - XML Report Generation	HEA - XML Program, Course, Survey and Access Survey Report Generation
Admissions High School Report	Lists recruits, applicants, and students in high school sequence. Used by Admissions Office for follow-up and to notify source high schools of progress or status of their graduates.
Tape Load Comparison Process	
Non-Destructive Curric Updates	This report will show non destructive updates made to curriculum and/or fields of study.
Process Mass Entry	This process executes the mass entry process for a form, add user ID, add date/timestamp and batch process ID. This process selects mass entries that are not completed and have a batch process ID.
Prior Col. Enrollment Summary	Selective Admissions - Prior College Enrollment Summary Report
Source/Background Summary	Enrollment Summary Counts and Rates by Secondary School
Person Directory	Print a directory of any/all: Recruits, Applicants, Students, Faculty.
Electronic Prospect Email	Electronic Prospect Batch Email
Rec/Enroll Analysis-HowLearned	Enrollment counts report for How I Learn About category and sorted information by How I learned about, then by term..
Recr/Enrl Analysis-Source/Recr	Prints summary of enrollments by source, recruiter, and contact type the number of persons who have been recruited, applied, accepted, and registered for a specified term.
Recruits Never Applied To Inst	Print or delete all recruits that expressed an interest in the institution, yet never applied.
Migrate Electronic Prospects	Migrate Electronic Prospects to Production Banner Tables
Recruiter Curriculum Crosswalk	Creates curriculum crosswalk records for Recruiter academic program.
Recruiter Prospect Provision	Extracts prospect data for import into the Recruiter system.
Recruiter Validation Provision	Extracts validation data for import into the Recruiter system.
Electronic Prospect Match	Matching Process for Electronic Prospects to Production Banner
Available Seats to Zero	Available Seats to Zero Process
Room Attribute Sequence Update	Room Attribute Sequence Update

Term Roll C3SC	Term roll batch process. Used to roll sections, meeting times, instructors and CRNS from one term to another term.
Update Building/Room Process	This process will update SRMEET table with Scheduling Assignment of BLDG and Room.
Scheduler Work Table Purge	Purge the schedule data in the work table SSTSCHW.
Schedule 25 Work File Creation	This process creates Buildings, partitions, Departments and Term/Room Extract and Control Export Files for Scheduling Tool
Scheduler Work Table Update	This process updates the work table with the output files from the Scheduling Tool.
Class Schedule	Class schedule report. Lists all sections for a given term and part of term. Used to produce class schedule for distribution to students.
Scheduled Section Tally	Section tally report. Lists all sections by term or part of term. Includes descriptive and enrollment data for the sections. Used to monitor enrollments in individual sections and courses.
Communication Removal	Deletes students from GURMAIL
Fix grade errors in SHRGRID	Process to fix grade errors in SHRGRID
Communication Load	Loads pidms from a flat file to GURMAIL
Create SDE for SOAORUL	Create SDE for SOAORUL
Adult Education Assessment	Adult Education Assessment
CCFS-320 Part IX Report C3SC	Creates the district CCFS-320 Part IX, AB 540 Headcount and Special Admit FTES report.
CCFS-320 Detail Report C3SC	Shows weekly, daily, actual credit and non-credit sections.
AB2248 Cal Grant Process	updates the usage accept indicator in gobtpac
PE Concurrent Enrollment	List enrollment information to help satisfy the sports 10% concurrent high school enrollment rule for apportionment.
CCFS-320 Summary Reports	Creates the primary report, Parts I-VIII, the Faculty Contact Hours, and, if the user selects it, the exception report.
CCFS-320 Supplemental Rpt C3SC	This process pruses the extract data to create the Supplemental reports.
320 Attendance Extract C3SC	Extract Banner Data for CCFS-320 Report
Student Placement Data	Student Placement Data
Credit for Prior Learning	Credit for Prior Learning
Course Repeat Details C3SC	Summarizes course repeat information.
Incomplete Block Registration	
Faculty ID/Term LoadLimit C3SC	Faculty ID/Term-Specific Load Limit Report C3SC
Faculty ID Load History C3SC	Faculty ID Load History Report C3SC
Schedule Planning Report	
Releve 8 Laser Report	Releve 8 Laser Report generation
Releve 8 XML Transmission	Releve 8 XML Transmission
Drop Roster Status List C3SC	The drop roster status report for reviewing the drop rosters for a section and the submission status by the primary instructor.
Copy Student CalWORKs DataC3SC	Copy Student CalWORKs Data to New Term or District ID C3SC

T2202A Multi-Part Report	T2202A Multi-Part Report generation
T2202A/TL11x Summary Report	T2202A/TL11x Summary Report
T2202A Canada Post Flat File	T2202A Process for Canada Post Flat File generation
T2202A Laser Report	T2202A Laser Report generation
TL11x Laser Reports	TL11x Laser Reports generation
T2202A Moore Flat File	T2202A Process for Moore Flat File generation
SARS Integration Report	SARS Integration Report
